

How to Respond to a Request for a Syllabus

An Important Message from your Articulation Officer

Hello Mesa Community,

Welcome Back!

Former students, colleges and universities may request a course syllabus. The reason for the request is often due to the need for an evaluation of the course for equivalency in meeting an academic requirement.

The official document provided by California Community Colleges for the evaluation of course content is the course outline of record (COR). CORs are used by Articulation Officers to establish and maintain articulation agreements.

There have been challenges establishing and maintaining articulation agreements. Several colleges and universities have denied articulation proposals due to the evaluation of the syllabus, instead of the COR. The information contained in syllabi vary among professors and often lacks the necessary content for course equivalency/articulation evaluation.

I respectfully request that you not provide a syllabus to anyone other than students enrolled in your current course (s). If a request for a syllabus is received, please direct the individual to CurricUNET <http://www.curricunet.com/SDCCD/> to obtain a COR. Current "Active" CORs are available to the public without the need for a CurricUNET username or password. Requests may also be redirected to Sue Saetia at: ssaetia@sdccd.edu.

Thank you for your continued contribution to articulation efforts.

Juliette Parker
